

Ice House Customers,

Firstly, we thank you for your patience and cooperation during this time of construction across the street from our facility.

During construction, **in addition to the 90 spots already offered in the Ice House's own parking lot**, there will be **approximately 220 additional spots** designated for Ice House customers as assigned by the city of Hackensack:

**165 spaces** are available located at the end of the public lot (near Midtown Place), including **57 spaces** in Foschini Park on East Camden Street. There are designated walkways along with newly added crosswalks, as indicated in the parking map.

As always, **parking at Bowler City is strictly prohibited** – Bowler City will be monitoring their lot, and violators will be towed immediately.

Additionally, parking **alongside the Ice House near the Hackensack River is strictly prohibited**.

Between the construction and the ongoing situation with COVID, we encourage our customers to drop-off their skater/player, and then locate parking if necessary, so as to avoid walking with bags, kids, and equipment – it might also be easier to take the time to run errands while your player/skater is at the facility, returning then to the rink for pick-up.

As always, we will keep our customers aware of any changes and adjustments that will be made during this process, and thank you for your ongoing support, patience, and cooperation.

Ice House Management
